Dear Sir

Lodgement of 30 June 2009 Annual Financial Report

Chrome Corporation Limited ("Chrome") wishes to advise that Bonmerci Investments 103 (Pty) Ltd, the holder of all shares in Batlhako Mining Ltd, the owner of the Ruighoek Chrome Project in South Africa in which Chrome holds a 47% interest, has yet to finalise its audited financial report to 30 June 2009.

Accordingly Chrome is unable to complete and lodge its own 30 June 2009 Annual Financial Report by the due date. Chrome is working with the South African auditors of Bonmerci and its own auditors to finalise this matter as soon as possible.

Yours Sincerely

ANDREW CHAPMAN
Company Secretary
