Force Majeure Notification – Halls Creek

Pacific Niugini Limited, through its wholly owned subsidiary Halls Creek Mining Pty Ltd, has notified Bulletin Resources (ASX:BNR) of a Force Majeure event at the Halls Creek Project.

The event relates to government approvals process timelines extending beyond the guidelines provided by the Department of Minerals and Petroleum. The company is awaiting feedback and approval of its Mining Proposal for the project, following lodgement on the 4th of August 2014.

The event does not affect the company's ability to continue working on site, but may impact mine development timing, and therefore project expenditure timing if delays persist.

As previously advised, drilling is underway on site, and at the present time the company expects to meet its stage one expenditure of \$1.2 million dollars by the end of 2014. Pacific Niugini's ownership will increase to 65% at the time that the expenditure is reached.

End.
